Fowlerville & Webberville announce trick or treat hours; special events planned

Pastor Tom Tarpley

Time to Lose the Hate & Anger

“Today is only one day in all the days that will ever be. But what will happen in all the other days that ever come can depend on what you do today.” (Ernest Hemingway).

To paraphrase the above quote by Hemingway; “Today is the first day of the rest of your life. What you do today is essential in determining the role you will play in society tomorrow” (Tom Tarpley).

As I watched the funeral of Senator John McCain back on September 1, 2018, I was impressed by the way the former presidents George Bush and Barack Obama spoke about him in their eulogies. For that moment in time, both men set aside their differences and focused on bringing some comfort to McCain’s grieving family.

There were no criticisms, character assassinations or attempts to slander him in any way. Both past presidents spoke of him as a worthy opponent and as a man of good moral character; a man unwilling to compromise his values or principles for anyone.

As I listened to them speak about him, I thought about how refreshing it would be if all politicians would develop this attitude during the political campaigns; where candidates would cease with the mud-slinging, and campaign on their own qualities and not spend their time bashing and tearing down their opponent.

It is sad and sort of pathetic that it takes death or some other catastrophe in life, to make us pause and reflect on the goodness of someone who may have had a difference of opinion other than our own.

I remember September 11, 2001, the day terrorists crashed into the twin towers and took the lives of thousands of unsuspecting people. People from all over the country set aside their differences and came together to work side by side; to do whatever they could to help dig through the rubble in hopes of finding those who were trapped inside. No one asked if the people who were trapped were Muslims, Christians, Jews or Buddhists. They simply saw a need and jumped in to help. For a brief period of time, America looked like the nation she was created to be. A nation where race, color or status didn’t matter. The only thing that was important was to save as many lives as they could.

I saw a film clip on the news as the workers were coming up out of the rubble and they all looked the same. You couldn’t tell a black man from a white man or a Muslim from

a Christian. The dust had covered them completely and for a short while, petty differences were laid aside for the more important task of being a good neighbor.

But that togetherness didn’t last for long. As time passed and the pain and memory of that tragic day started to cool, people returned to their old habits of doing business as usual.

Maybe you have not noticed but we are living in an angry world. Every newscast, newspaper and the internet is filled with stories and broadcasts that reflect the anger in our society.

In the following article by Tom Kilpatrick, he says: “We are living in an angry world! Incidents of “road rage” make the news, even to the point where some drivers have shot at others whose driving annoyed or threatened them. Fans have been known to riot and destroy property when their favorite sports teams lose—and sometimes, even when they win! Far too often spouses batter their mates, and parents even abuse children in fits of rage.

“Violence and anger are staples of many television shows and movies,” Kilpatrick continued. “The terms “anger issues” or “anger management” have found their way into our speech and culture. Perhaps we’re not even surprised by all the anger in the world, because of how commonplace it is, but it does seem to be on the increase.”

I also watched a portion of Aretha Franklin’s Homegoing Celebration the day before I viewed the McCain service. I felt ashamed at the way some of the speakers who were there to pay honor to Aretha, instead took the opportunity to express their political views and take jabs at the President. It was absolutely a dishonor to Aretha, a woman who deserved so much better.

Hate and Hatred toward another brother or sister is not of God. It is a powerful and destructive force that, if not kept in check, will always destroy the hater and in some cases the one who is hated.

Several years ago I carried a lot of hate in my heart for my supervisor. The hate got so bad until all I had to do was to think about him and my chest would hurt. It was more than my heart could take. One day the pain became so bad that I went to the hospital to get checked out. I was there for ten days, and they told me I had suffered a heart attack and there was damage to the rear of my heart. After several tests they found no physical issues with my veins or arteries, and concluded that my problem was stress related.

Carrying hate around will kill you if you don’t give it up and learn the art of forgiveness. There are many people who have wronged me, and I have forgiven all of them. I hate no one. The Bible says: *Get rid of all bitterness, rage, anger, harsh words, and slander, as well as all types of evil behavior.* (Eph. 4:31)

It also tells us: *“But to you who are willing to listen, I say, love your enemies! Do good to those who hate you.”* (Luke 6:27)

Those of us who are older and are leaders in our family, church, and community are

setting the example for those who come after us. We must make sure that the example we set for the next generation is one that will be a positive role model for bringing about positive change to our society. A good role model doesn’t just do what is right, he also speaks out against what is wrong.

Livingston Centre Historic Village to discuss Christmas in the Ville at meeting

The monthly meeting of the Livingston Centre Historic Village will take place on Thursday, Nov. 1, at 7:00 p.m. inside the Fair Office. The agenda will include plans for participation in Christmas in the 'Ville on Sat., Dec 1; watch for our float in the parade. Also, discussions will begin for the 2019 Fall Fest on Saturday, Sept. 1 and for the largest fundraiser of the year--the annual *Gramma's Attic Sale*, tentatively planned for May 16 - 18. Please watch this space after the new year for donation dates.

The Village is quiet in winter, but consider renting the Green Historic Church or the Coughran School for your spring, summer, or fall event. Information can be obtained year around from the Fair Office, 517-223-8186.

As always, new members and/or volunteers are welcome! Work will continue to improve the Village throughout the winter months. New ideas, additional help and continued support in the care and restoration of these historic buildings is always appreciated.

Thank you to all who have supported us in the past and who will continue to do so in the future. We wouldn't be who we are if it wasn't for you.

Candidates for Fowlerville Village Council & School Board offer statements

Both the Fowlerville Village Council and Fowlerville Board of Education have contested races for openings on each of these local governing bodies that will be decided in the upcoming Nov. 6 General Election. Those races are on the non-partisan ballot.

Six candidates are seeking the three vacancies on the council. They include Kenneth Bielous, Jim Mayhew, Mary Helfmann, Jane Mills, Jerry Peach, and Enrique Salfate.

Bielous, the lone incumbent, is seeking a second term in office. Helfmann was appointed to a vacancy earlier this year and that seat is now up for election. She had served on council for 16 years during a previous time in office. Mayhew, Mills, Peach, and Salfate are making their first bids for a council post.

Those elected will serve four-year terms.

Also on the Village ballot is Carol Hill, the current Village president. She is running for another two-year term and is unopposed.

Four candidates are vying for the three vacancies on the school board. They include John Belcher, Ron Drinkhert, Steve Frederick, and Trisha Reed.

Frederick, the lone incumbent, is seeking a second term in office. Belcher and Reed were appointed to fill vacancies on the board and those seats are now up for election. Drinkhert is making his first bid for a seat.

Those elected will serve four-year terms.

Also on the School ballot is Mary Vielbig. She was appointed to fill a vacancy and is unopposed in her bid to fill the remaining two years of that board seat.

The candidates in both the Village and School races were invited to submit statements telling voters why they are running for office, and what they hope to accomplish—what their goals and priorities will be if they are elected or re-elected. The candidates were also invited to submit some biographical information, including any experience or qualifications they would bring to the office.

Below are their submissions:

Kenneth Bielous
Fowlerville Village Council Trustee
Non-Partisan Candidate

Well, it's that time of the year again. That's right, Election Time. My name is Kenneth E. Bielous, and I am running once again for Village Council Trustee. I have served on Council for the past 4 years and with your vote I can do so again.

You may ask yourself what I have done for you to date. I would answer that with "nothing." By myself I can do nothing, but as part of a team I can and have done a lot. We have voted on a lot over the past 4 years that we feel has benefited the Village of Fowlerville and you as residents. Granted all of our decisions have not been well received at the time but you have to understand we make them for the future of our great Village and all that live here. We don't make them based on our own feelings but you, the residents.

I have sat on the 4th of July Committee, Law Enforcement Committee, Strategic Planning Committee and have volunteered my DJ/MC services at a number of community events over the years. With your vote I plan on doing this and more in the coming 4 years.

Our goals as a Council are to continue to improve on our Downtown and bring in the types of businesses that highlight our Village as a whole. We are working towards a balanced budget, not only for this year, but for years to come. I know you have choices to make this election year and all I'm asking is you vote for what you think is best for the Village of Fowlerville. I pray that God directs your heart to do what is best. God Bless you and your Family as well as our Village.

Jim Mayhew
Fowlerville Village Council Trustee
Non-Partisan Candidate

I was born and raised in the Dearborn area, but began coming out to Fowlerville as a teenager to deer and pheasant hunt.

I have been a co-owner of Mayhew's Services and Mayhew Tree Farm for many years. I have volunteered to help on several community events. As a member of the 4th of July Committee, I help collect money for our fireworks. I'm also on the Christmas in the Ville Committee where one of my jobs is to find and then put up our Village Christmas Tree.

I also raise money for the Fowlerville Rotary and belong to the Fowlerville Business Association.

I enjoy working with people and consider myself a 'people' person. As a business owner, I've spent the past 40-plus years dealing with the public. I enjoy helping people when I can, including collecting money for cancer victims.

That's why I'm running for a trustee position on the Village Council. I know that being fair and impartial to the people of the Village is important to all concerned. I would like to see more things for folks to do here. I miss the old bowling alley and having a movie theater would be nice, although I know these are expensive things.

As a trustee, I would work with my fellow council members to improve the village and find ways to save the taxpayers' money. I will always keep an open mind and will always be open to new ideas for changes. I welcome fresh thoughts for improvements for the people and the village.

I would appreciate your support for Village Council and, if elected, I will remember that I work for you. Thank you.

Mary Helfmann
Fowlerville Village Council Trustee
Non-Partisan Candidate

I am Mary Helfmann, a proud resident of Fowlerville for over twenty-three years. I am currently completing an appointed position as Trustee for the Village of Fowlerville and am seeking election to a four year term November 6.

I successfully completed three elected terms and one appointed term previously. I chose not to seek re-election in 2016 for professional reasons and was drawn back into service through the urging of quite a few constituents due to an unexpected Council vacancy.

My prior service included a term as President Pro Tem and Chairperson of Finance, DPW and Police Committee.

I am proud through my tenure to help extend our reputation as a business friendly council that has supported our downtown through appropriate resolutions and ordinances as well as developing our LDFA district. I have had the opportunity to serve on many excellent councils during my tenure and feel that strong councils are only possible through hard work and reaching consensus as a whole. I have had no problem speaking up when I felt the council was moving away from what is best for our community fiscally or in the constituents' best interests.

I feel it is important for council members to be involved in the community. Without this, how can we as council members truly get a pulse of what our community is about? I enjoy my service as a Fowlerville Rotarian, on the Executive Committee of Genesis House Clubhouse and Fowlerville Community Theater. I also serve currently as a liaison to the Fowlerville Fourth of July Committee. Our family business also supports the Fowlerville Business Association and the Howell DDA.

I feel strongly that the job of council members is not to micromanage our staff and their departments. While serving previously on manager staff committees, I have helped pick out outstanding leadership, our present manager included. We have a very hard working village office staff, police force and DPW. The council best serves these people by providing them with the budgets they need and support and direction as needed.

Budget concerns must be the highest priority of the council in months ahead. We are facing a possible deficit budget in 2019, as are most municipalities in our state. I look forward to continuing the work we as a council have started with assessing our resources and working toward creative organization, which will include extended networking with our state authorities and local communities. Now is the time more than ever to be good stewards of the tax dollars you work so hard to provide.

Local passions of mine include improving our infrastructure, better serving our patrons in our parking areas and working towards a community center in our future.

My husband Gary and I have raised our four children, Justin, Teresa, Adrienne and Erick here. With their significant others we have the most incredible grandchildren, Jaxson, Joshua, Abby, Gia, Frankie and more to come! We love our involvement at Fowlerville United Brethren Church and feel very blessed to call this our home. I look forward to hearing from you on Facebook: Mary Helfmann for Village Trustee. Please vote for me on November 6.

Jane Mills

Fowlerville Village Council Trustee
Non-Partisan Candidate

Having been born and raised here in Fowlerville along with the generations of Palmerton’s (my maiden name) before me, my roots are strong. I graduated from Fowlerville High School in 1974. My husband, John, and I have been married for 38 years and have 14 children. We have owned and operated J. Mills Plumbing, servicing Livingston County and the surrounding area for the past 28 years. Now being retired from that, I have been able to focus my attention on my passion in educating others in natural health & wellness alternatives as a Wellness Advocate for DoTerra Essential Oils. Being in a family-owned business has been a part of my life since I can remember – my parents, Glenn and Eva Palmerton – were the owners of Glenn’s Standard Service until around 1973.

Having been busy raising our children and running the business, I have not had much time to be involved with the happenings of the community outside of school and sports. But now that the youngest one is graduating this year, I feel it is time to begin putting back into the community that I so dearly love.

During my years of raising my family and running the business, I have become experienced in leadership skills, decision making, problem solving, and public relations. I strongly believe in listening to both sides of an issue before coming to any kind of a conclusion to a situation, yet at the same time, I stand firm and do not allow outside sources to sway my beliefs, ethics, or character.

Although I don’t have any experience with being in the political arena, other than trying to stay up-to-date with current events, I do believe that what I am able to bring to the table is the love that I have for my community. I also realize that as much as I love the memories of how Fowlerville used to be, things do not, nor should not, stay the same. It is healthy to grow and develop in any kind of a situation. So, with that being said, one of my goals is to be involved in the development and growth of Fowlerville, while at the same time, maintaining the small, hometown atmosphere that everyone (that I talk to, at least) loves and which has, and continues to, attract others to our village.

Jerry Peach

Fowlerville Village Council Trustee
Non-Partisan Candidate

I love living in Fowlerville; it’s a great place to live. You might see me walking the streets or riding my bike around the village. It’s a pleasant community with low crime and effective police. Sensible business growth has been promoted over the decades, and we have virtually all the services we need. Retail and grocery shopping establishments, car repair, car wash, car dealers, convenience stores, doctors, dentists, library, gas stations, restaurants, flower shop and hardware store are all nearby.

I have lived in the Village for 40 years and have seen the Village grow a great deal. When my wife and I first moved here, the Mobil Gas station south of the expressway was the only business south of the railroad tracks. Nickerson Farms restaurant, as it was known then, shortly closed. Much has changed since then. In fact my road became a thoroughfare and now sees a lot of vehicle traffic including trucks. But all in all, good.

I have served on the Planning Commission since 2016 and have authorized several improvements to the Village. I advocate managed growth. I have tried to work with other members on the commission and accommodate businesses who want to provide services here, within the framework of the Zoning Ordinances. A community has two ways to go, growing or shrinking.

I plan to live here during my retirement. I want to do what I can to keep it a good place to live and that’s why I have placed my name on the ballot.

Honest and efficient government is my top priority. Let’s keep Fowlerville a great place to live.

My education includes a B.A. from University of Michigan and a Masters in Accounting and Taxation from Walsh College, Troy, Michigan.

Personally I report that I have been blessed not to have been forced to declare bankruptcy or be in front of a judge, except a driving violation 40 years ago. I remain married to my loving wife of 42 years. I have 2 grown daughters who live out of state. I am active in my church.

I envision no major changes to the Village of Fowlerville. Like many people, I’d like to see Downtown refurbished. I’m told there are serious financial hurdles to seeing that happening. The Downtown Development Authority has a lot to say about any renovation downtown for that matter. I’d also like to see a walkway along the Cedar River. Unfortunately this could well cost several million. Major renovations will not be easy.

I’ll repeat. Honest and efficient government is my main emphasis with a lot of common sense thrown in. And I’ll strive to keep Fowlerville a place you want to live.

Enrique Salfate

Fowlerville Village Council Trustee
Non-Partisan Candidate

My name is Enrique Salfate, and I have been a resident of Fowlerville since 1989. My journey to my life in Fowlerville is a unique story. I was born in Ovalle, Chile where I attended high school and was drafted to serve the Chilean Army for two years. When I returned to my hometown, life was good until 1973 when the Military Coup d’état and Augusto Pinochet took over the Chilean Government. During this time, my family lost everything to the government, and I watched as the Military Government destroyed the country that I called home. My family was forced to wait in long lines for food such as flour and sugar, oftentimes going without because there was no food available. I spent months trying to find work as I watched Chile crumble. Because of the political unrest and lack of employment opportunities in Chile, I was forced to move to Bolivia to find work. It was there I met my wife, Cynthia. We were wed in 1988, and I was granted my visa in 1989 and moved to Fowlerville. Fowlerville has been my home ever since and welcomed me from day one. One of the best days of my life was in 1994 when I was given United States of America Citizenship.

My wife and I have two adult children, Alexandria and Oliver. Alexandria is a High School Teacher in Saint Johns and Oliver is a student working on his degree in Substance Abuse Counseling. After 25 years in the automotive industry, I tried the retirement life, but I decided to return to the workforce. I am currently employed at Centurion Medical Products in Howell. In my spare time, I like to serve my community and beyond. I have served as a volunteer on the 4th of July Committee and the Fowlerville Family Fair. I have baked bread to serve with dinner for the City Rescue Mission, served Thanksgiving Dinner at the Carriage Town Ministry of Flint, collected water for the Southwestern Academy of Flint, as well as, collected and delivered school supplies for the orphans in Olin, Ecuador. I am very proud of my dedication to making our world a better place.

As a council member for Fowlerville I would like to work toward more recreation opportunities for our residents, including dog owners. A dog park would be a valuable asset for many of our residents. I feel that many recreational opportunities are not pursued because of the financial cost, but through research, I have found many communities have used grant monies or sponsorships to finance recreational projects. This is an area that I would like to see developed in a Fowlerville five-year plan.

There is also the need to change the Village of Fowlerville Ordinance which requires two meetings per month for council members. At the meeting rate of the president \$262.92, each of the six trustees \$113.00 and attorney is \$200.00+ per hour, the cost to the taxpayers is over \$1,100.00. According to minutes posted in the *Fowlerville News and Views*, the September 4, 2018 Village Council Meeting was called to order at 7:30 pm and adjourned at 8:26 pm = 54 minutes. The September 14, 2018 meeting was called to order at 7:30pm and adjourned at 7:43pm = 13 minutes. This is a total of one hour and 7 minutes at the cost to the Village of Fowlerville of over \$2,000. By having one meeting per month instead of two, we could save our Village over \$10,000 per year. The money saved could be put in our rainy day fund to add to the financial stability of our village.

As a senior citizen, I understand the frustration when I feel my voice is not being heard by our leaders, I would like to also work with the Senior Center to give our senior citizens a chance to have their voices heard through monthly Coffee with Council Meetings at the senior center. I will then take our concerns to the council, thus allowing the opportunity for the wisdom of our seniors to be heard by council.

As you read my information, you have discovered I am not your traditional Fowlerville Village Council Trustee Candidate. My diverse background and the struggles I have faced have made me the best candidate for this position. Please vote for me, Enrique Salfate, on November 6.

Carol Hill

Fowlerville Village President

Non-Partisan Candidate—Two-Year Term

My name is Carol Hill, and I am seeking a second term as Village President.

I have lived in Fowlerville my whole life, I graduated from Fowlerville Schools and went into the banking business in town for 23 years. I then went to the Village of Fowlerville as a bookkeeper for 15 years.

I'm retired, but still keep busy as a part-time employee at school, working in the lunch supervision, crossing guard, and ticket-taker positions.

I have a husband, Chuck, and a daughter, Heidi. Heidi and her husband have twins—my grandchildren Liam and Olivia. My deceased son, Brandon, gave a wonderful granddaughter, Jordan.

I served on the Village Council for 10 years and decided it was time to try the presidency. I like the job very much and am still learning new things each day.

In the last couple of years, we have updated and adopted the Master Plan and Parks & Recreation Plan. The Hibbard Street and Maple Street Improvement Projects were completed and, with the help of our LDFA, we also completed improvement projects at Garden Lane, East Van Riper Road, and National Street.

The Downtown Development Authority, meanwhile, contributed to the betterment of our village with the light-pole painting and the Façade Improvement Program.

The Village office has had a few renovations and work has been done to reorganize Village personnel with the aim of saving taxpayer money.

We continue to try to spend taxpayer monies the best way possible.

Thank you for your support. If you have any questions or concerns, please stop by and see us. We are here to serve you.

John Belcher

Fowlerville Board of Education Member
Non-Partisan Candidate—Four-Year Term

I have been a resident of Fowlerville since 2007. I have two children that have graduated from Fowlerville Community Schools and my youngest is a senior. I am a Civil Engineer with a background in construction engineering.

The main reason that I applied to fill a vacant seat in 2017, and have decided to run this election cycle, is a sense of responsibility to contribute to the community in which I call home. For many years my wife and I volunteered in the commissioner roles for the Fowlerville youth football and cheerleading programs, along with working in our children's classrooms. However, like so many others in the community, once my children were in the High School, the opportunities to stay involved became scarce. Being a part of the Fowlerville Board of Education has allowed me to continue to give back to the system that has given so much to not only my children, but to all the families in Fowlerville.

Each of the candidates this cycle demonstrates an attitude of servant leadership. They each also bring a unique set of skills and perspectives that will be sure to benefit our school system. As a result, there is no wrong decision for our community.

As far as what I feel I can bring to the board, it most succinctly boils down to sustainability. It is all about finding a balance between what we have and where we want to be as a school system. There is no point in expending tomorrow's resources for a short-term gain today. I believe that we have some of the finest teachers you will find, and I want to make sure that we do everything we can to provide the funding, facilities, and resources needed to provide the same level of education for generations of students to come.

I also believe that my professional background in infrastructure, routine maintenance, preventative maintenance, materials, information technology management, and construction engineering will be a great benefit to the District as we continue to invest the recent bond funding into our facilities.

In the end, my core values are leadership, accountability, fiscal responsibility, service to others, fairness, and honesty. If I am lucky enough to be chosen to serve on the Fowlerville Board of Education, I will work every day to live up to those principles.

If you have any questions, feel free to contact me at belcherj@fowlervilleschools.org

Ron Drinkert

Fowlerville Board of Education Member
Non-Partisan Candidate—Four-Year Term

The first question usually asked of an individual running for the school board is "Why?"

I have been a resident of Fowlerville for thirteen years and have two students in the Fowlerville School District, so I have a vested interest in their success. Having students who are able to recite facts or solve equations is a good start, but education goes well beyond these expectations. I believe students need opportunities that create an experience with challenges that help them grow.

I have volunteered multiple times at school and community events, and I understand the importance of strong community-minded leaders. That is part of the role of a member of the board of education—working in a selfless and unbiased manner for the betterment of the students, the school district, and the community.

A few of the goals and priorities I have for the school district are:

- 1) Working to ensure teachers and students have the resources they need to produce students who can be competitive and adaptive in any market.
- 2) Seeking to attract and retain the best administrators, teachers, and staff.
- 3) Reviewing the district budget for waste and redundancies.
- 4) Evaluating salaries for district employees to determine if salaries are commensurate with work performed and competitive with surrounding communities.

I hold a license as a Registered Nurse in the State of Michigan, a degree as a Master of Science in Nursing, and national certification as a Nurse Practitioner in adult primary care. I understand the importance of hard work and being self-motivated. I have always had tremendous support from family and friends, but ultimately achieving my goals rested on me. Our students need to be encouraged and supported to help foster a desire to learn, expect excellence from themselves, and to aim high and work hard to achieve their goals and dreams.

Even if not elected this time around, I will continue to volunteer in the community as I currently do, and I will attend board meetings as I am able. I will also run in the next election cycle in two years.

Regardless if the community supports me or another candidate, it is essential that people go to their local polling place and VOTE!

Letter to the Editor

"Marijuana is anything but harmless," says Tom Gorman, a former undercover narcotics agent and RMHIDTA (Rocky Mountain High Intensity Drug Trafficking Area) director in the April 2018 issue of "Citizen Link." He states that levels of THC in marijuana have skyrocketed, with many samples in the high 20's and many as high as 30 percent, enabling users to get high incredibly quick and even going into a psychotic episode.

THC is highly fat soluble, so when the high is gone, it is not! The more often used, the more it builds up in the body. Pot impairs judgment, memory, learning ability, attention span, and is especially dangerous to teenagers whose still-developing brains can be damaged. It is a gateway drug to even more harmful drugs.

The state of California and Colorado have had many adverse affects since legalizing recreational marijuana. To mention a couple of those ill effects—related traffic deaths have greatly increased as have related hospitalizations.

So, I challenge those of you who believe in the sanctity and safety of each human being to vote against legalizing recreational use of marijuana in Proposal One on the General Election ballot.

Steve Frederick

**Fowlerville Board of Education Member
Non-Partisan Candidate—Four-Year Term**

My name is Steve Frederick. I currently serve as Vice President of the Fowlerville Community Schools Board of Education. I had served as a trustee for the previous three years. I have lived in the district for over 24 years with my wife Kelly, an At-Risk Paraprofessional at Smith Elementary whom I have been married to for 31 years. I have two children, both graduates from Fowlerville High School. Both are Education majors at Grand Valley State University. I attend Fowlerville United Brethren Church where I served on many community outreach programs and worked with the youth.

My family and I are strong proponents for accessible, quality education for all children, no matter the post-high school path that is chosen. As a family, we have always stressed the importance of education and have tried to make a difference in the lives of the students that we have had placed in our path. I believe we should all, in whatever way that we are capable, invest our time to better the lives of those in our community.

In the time I have served on the Fowlerville School Board, I believe that we have made very positive improvements and advancements for our school district. There was a bond passed this year which included funds for a new roof on Kreeger, upgraded outdoor lighting on campus, new security entrances to our buildings, along with other facility and technology upgrades.

I am currently serving on the committee responsible for overseeing these upgrades. We, as a board, have also passed a three-year teacher contract, as well as many new educational, vocational and athletic programs. We are currently working on improving our reading scores in the lower elementary grades by adding new reading programs and restructuring some of the old. We know that reading and vocabulary skills begin at infancy with material that is read to our children. We are promoting young reading skills in our community outreach programs.

I would like to see more strides toward vocational training programs. This is an important issue to the students and families in this district. Not every child wants, needs, or has the means to attend a four-year university. We need to be able to prepare all students to be productive members of our community.

I have served with most of the people running for the school board in November and can say that we are privileged to have such caring and qualified people who want to serve on the FCS board. I am running for the FCS Board of Education to continue the work that we have started. This is an exciting time in the FCS district. While we have accomplished much, there is still work to be done for the children of this community. I have been blessed to be a part of it thus far.

Trisha Reed

**Fowlerville Board of Education Member
Non-Partisan Candidate—Four-Year Term**

My name is Trisha Reed. I am running for the Fowlerville School Board in the upcoming general election. I have been serving on the board for the last 8 months. It has been a rewarding experience and has given me the opportunity to increase my involvement and to give back to the community and district.

My philosophy is that a great school can be the building blocks for lifelong learners. When they say “it takes a village” I absolutely believe that is true. It takes a collaboration of teachers, parents, students, administrators and the community to make our school successful. I am very proud to be a part of this village.

To share a little about myself, I am a longtime resident of the Fowlerville community, growing up about 20 minutes north of town. My husband, Jason, and I have 3 children in Fowlerville schools: Abby, 7, Axl, 5, and Jaxon 1. We have had a wonderful experience in the district, and I have enjoyed volunteering in classrooms and participating in athletics.

My educational background is in early childhood and education. I have a Bachelor’s of Science degree from Michigan State University in Family Community Services and Early Childhood Development. My concentration was curriculum development and literacy initiatives.

I believe that my educational background aligns with the goals of the district. Highlighting the importance of literacy and to develop programs to help support our struggling readers and improving the overall success of our students. As a board member, I want to see us achieve educational excellence by motivating and supporting our students to achieve the highest level of success possible. It is important to me that we provide students with a quality learning environment and a variety of educational experiences.

My top 5 objectives are: (1) Providing the best education possible to students, (2) Participating in literacy initiatives, (3) Monitoring student and system performance, (4) Growth and development of staff and, (5) Sustainability. It is my hope that with all 5 objectives being supported, we will continue to see our district make great strides towards educational excellence.

Thank you for your time and consideration in the November 6th election. I hope to continue to serve our community on the Fowlerville School Board

Mary Vielbig

**Fowlerville Board of Education Member
Non-Partisan Candidate—Two-Year Term**

My name is Mary Vielbig. I am a long-time resident of Fowlerville. I attended Michigan State University and graduated with a degree in Physical Education and Child Life Sciences. I also played basketball for the Spartans. Immediately following graduation, I began coaching women’s basketball at Lansing Community College. After five years, I continued to coach and teach at Northwood University.

In 1992, I moved to Fowlerville and together with my wife Nancy Van Gilder, we have raised two children, both of whom attended Fowlerville schools, graduated and currently attend Grand Valley State University.

I was appointed to fill a vacant school board seat in June and will continue to serve on the board until 2020 when I will consider running for an additional 4-year term. In the few months that I have been a board member, I have learned a great deal about how our schools run from a financial, logistical and practical standpoint. There are so many variables that go into making decisions that will affect our students and staff and one of my jobs as a board member, is to weigh the pros and cons and make recommendations that are in the best interests of our students, first and foremost.

I have spent the last 15 years volunteering in the schools in many capacities, including coaching multiple teams through the recreation department, PTA/PTC president at Smith and Kreeger, Junior High parent group leader and mentor for Aiming Higher and have been the Interact Club advisor and varsity girls’ basketball coach at the high school. My experiences working in all of the buildings have afforded me the opportunity to really see what goes on in the buildings from a parent perspective as well as having the opportunity to work with the students directly in many capacities. As a prospective board member, I have recently interviewed and received the recommendation of the Fowlerville Education Association.

As a relatively new member of the school board, I am constantly listening and learning about how the board conducts business and working on formulating my own goals and philosophy. In the immediate future, the board has gotten in full literacy mode by passing a resolution to ensure that all of our students can read by the 3rd grade. This is a huge initiative and will be a game changer for many of our students. As I continue to participate on the Fowlerville Board of Education, I hope to continue the learning process and make a positive difference for our district.

I appreciate you taking the time to read this and hope that you will consider voting for me for the Fowlerville School Board in the November election.

Remembering the victims of communism & the lessons of its tragic history

A recent opinion editorial in the Detroit News by Eric Trump, our president's son, drew an interesting contrast between our country's major political parties.

In the editorial, Trump said, "today the Democrats are not merely pursuing their age-old agenda of high taxes and crippling regulations — they're now openly embracing socialism. As a country, we must look at Venezuela, not to mention the over 100 million human beings who were murdered by socialist governments in the 20th century alone. This is not our vision for America!"

I find his comments interesting, not only because I agree, but also because we are quickly approaching the National Day for the Victims of Communism. This is a day set aside to remember the souls lost to communist oppression, and to highlight the incompatibility of the communist/socialist ideology with the fundamental, inalienable and bedrock American beliefs of life, liberty and prosperity.

History has proven unkind to the communist/socialist agenda. It is a utopia that will never be realized. From the Bolshevik Revolution more than 100 years ago, to current-world communist governments in China, Cuba, North Korea, and Venezuela, and for all communist/socialist governments in between—its only legacy is one of death and destruction. As Eric Trump pointed out, somehow, this flawed way of governance is gaining sympathizers in our country, despite history's lessons.

The National Day for the Victims of Communism should serve as a stark reminder to readers of the perils of communism. Our nation has fought multiple wars on multiple fronts to prevent its spread, and to defend the God-given rights of freedom-loving people the world over. To welcome communism here and now would be to invite a Trojan horse with disastrous results.

What's old is new again!

Looking back 75 years in the Library's digital archives of **The Review**, I discovered many interesting finds. This week 75 years ago, World War II was going on. One of the columns, *County AG. News by S.B. Thomas* shared a lot of tips from the Home Economics Extension that applies to both the home warfront of 1943 and current sensibilities.

"Home is one of the most important lines of defense" Edna V. Smith, State Home Demonstration Leader, is quoted saying.

"Clothing thrift", currently known as "upcycling" is stressed in this column. Tips include "making over, refitting, or adding new touches" as ways to "dress the family well but buy no more than needed". In today's times, there is a counter movement to wasteful spending. Living more simply

and intentionally are big in pop culture right now, it can be found in the Hygge, mindfulness, and maker cultures. By the way.... We have books available to check out related to all these topics!

Another clothing tip mentioned in the article is mending shortcuts "that even a man might do" like using the new press-on patches to "retread suits". A similar program that is taught in libraries is called "Adulting 101", where young adults newly living on their own come to learn about a variety of "adult" chores like lawn maintenance, basic wardrobe upkeep, financial fundamentals, inexpensive meal planning, etc. Comparable programs can be found here at the Library; we have a variety of programs and classes that enrich and teach new skills.

The article also included ways to stretch a meal out due to wartime rations. "Good tasting meals, easily prepared, and patriotically planned to use home grown foods are being featured more prominently than ever." Again, this is a relevant topic in our current economy. Many are interested in learning new, cost-saving dishes. Jen M. is currently planning an exciting new 'soup' program for the winter months. Participants will sample different soups and stews and leave the library with recipes. I have always found that soups and stews are a delicious and great way to stretch a meal for a large family in the winter months. Did I mention that

the library has an extensive cookbook collection? Check one out today and try a new dish!

Growing your own food is another way to stretch your food rations and dollars. The Library has partnered with the Fowlerville Garden Club for many years to host a spring gardening series at the library. The Master Gardeners have covered many topics from medicinal herbs and straw bale gardens to succulents and container gardens. As a novice gardener, I have had bountiful straw bale and container garden yields after applying lessons learned in this library program.

The home itself wasn't forgotten in the article. Everyone wants a stylish and up-to-date home regardless of the period. Tips given include

revamping old or awkward furniture by cutting boards down, removing bumps on dressers and rockers, and applying a new finish to your wood furniture. All these examples from 1943 are personally satisfying and updates the look of your home even now. I love working on home improvement projects as a family. It is both time spent together and has a positive end result.

My favorite helpful hint from the article applies to the modern world as well. "Making the best use of time and money is expected to help cushion the shock of increased living costs through better use of time in home work." Personally, I hate waste. At my home, not only do we reduce, reuse, and recycle, we also renew and upcycle. Many of the thrifty tips found in this article from 1943 are already being applied at my home or will be added to the list.

If you want to read the original article or explore other copies of **The Review**, visit the Library. There are copies of the Digital Archives on every one of the computers in the computer lab. If you want to research your ancestry, we also have a subscription to Ancestry.com that you can access from any computer at the Library.

"I believe that thrift is essential to well-ordered living."— John D. Rockefeller

Fowlerville Varsity Volleyball Team reaches quarterfinals at tournament

The Fowlerville Varsity Volleyball Team had a great showing in the Williamston Tournament on Saturday, Oct. 20. In pool play, the Glads beat New Lothrop 25-15, 27-25, split with Corunna 20-25, 25-18 and split with Haslett 25-18, 15-25. This placed them 2nd in their pool, moving on to the Gold Bracket in bracket play. The Glads then met Notre Dame Prep in the quarter-finals and lost 25-11, 25-10.

For the day, Dani Ryan led the team in assists with 72, 19 points, and 28 digs. She played great at the net and was a top server. In the middle of the court, Leah Ash led with 29 kills and 7 blocks and Lauren Marquette added 8 kills, 4 blocks, 12 points, and 10 digs.

On the outside, Livvie DuFore had 21 kills, 25 digs, and 3 blocks. Jackie Jarvis also played great all around with 18 kills, 16 points and 5 aces. Understanding in Office

(Originally published 1/14/2018)

This week, I think it would behoove us to take a step back and examine something that is fundamental to the whole idea of running for office: purpose. A few weeks ago, right before Christmas, we touched on this topic a little when we determined that some view politics as an end while others see it as a means. Indeed, everyone who gets into politics has a purpose whether it be a personal objective or a broader vision, but the important question to be asked is: what is that purpose?

Getting into politics can seem tempting to some because of the perception that they could hold some sort of power. When they consider running for office, they see the prestige, influence, and supposed glamor that is often associated with it, but they do not take into account the long hours, extensive stress, and very hard work that is required. Because of this misconception of what it means to be elected by the people, they jump in head first, and if they manage to get into office and discover the difficulties involved, then they are likely to avoid those struggles. In turn, the people suffer. They are the ones who lose since their elected officials will not fully commit to service.

With that said, I think this scenario is fairly uncommon. Running for office takes a tremendous amount of time, money, and work, and from what I have observed and experienced, I find it hard to believe that very many politicians would do all of that simply to gain power and prestige. Sure, those things might contribute in some cases, but there's usually something more that is driving them to run. That is the purpose of doing some good. While this may seem good on the surface, it could potentially be detrimental in two ways.

First, different people have different interpretations of what is good. An elected official could be doing something with the purest of intentions, and you could still disagree with him or her simply because the two of you do not agree on what is right or best. They are not being purposely malicious, but it is still a problem for those who disagree.

Second, and perhaps even more concerning, many people enter politics because they have an overall desire to do good and make some change without really considering if they have a distinct purpose or plan. That desire for good needs to manifest itself into something more. Good intentions are great, and I applaud the motivation to want to make an impact.

However, our elected officials should know what role they want to fill, what they want to accomplish, and how they are going to do it. That is not to say that they are going to have every answer all of the time right away, but they should have a sense of direction and an idea of how to get things done for the people and nation and should work to always improve themselves and their effectiveness. Our elected officials' actions should be driven by purpose.

SPORTS FOR WEEK OF Oct. 22

The first quarter of sports for FJH concluded this past week. Congratulations to the nearly 100 FJH students who participated in either XC or VB; such great young Gladiators! Thank you to all the wonderful coaches who worked with our young people. Now, onto BBB (boys' basketball.) At present, we do not have a competitive cheer coach. More information on this sport will be available in weeks to come.

Mon., 10/22: BBB tryouts: 7th & 8th grades. FJH gym; locker room available for changing--bring your own lock. 8th-2:30-4:30 & 7th- 5-7. Tryouts continue daily. Coaches will have more information at the first tryout. Good luck to all.

THANK YOU galore to the Fowlerville Fire Dept. for providing on-site care at the home SC meets this season. The presence of the volunteer firemen is reassuring to coaches, athletes, & parents.

Another successful VB PINK OUT took place at FHS on October 16-- the final home volleyball games of the 7th & 8th grade teams. THANK YOU to all who helped, both at FJH during the lunch period activities, those who donated items for the event, those who helped w/ the activities, & of course, those who participated in various ways. A local family, dealing w/ cancer, will soon be the recipient of monies raised on this day. Again, thank you.

Family Impact Centers bringing evening of music & art on Saturday, Nov. 3

Tickets Still Available for Fundraiser at Alverson Center

Family Impact Centers is excited to be bringing an amazing evening of music and art to the Alverson Center for Performing Arts at Fowlerville High School on Saturday, November 3rd, and it's not too late to purchase your ticket.

First of all, the highly inspirational Christian group **Sanctus Real** will be presenting a live concert along with their special guest **Mallary Hope**. Following them will be the super talented **Jared Emerson**, who will "hand" paint one of his most famous works entitled *Face of God*. (By the way, Jared performed at Family Impact Centers' 2014 Benefit, and all who attended were in awe as they watched him produce, in less than ten minutes, such a powerful piece of art.)

The evening will end with the opportunity for someone to

purchase this painting during a live auction led by our own Livingston County Sheriff Mike Murphy.

Prior to the event, several tables of donated gift baskets, themed packages and other items will be available to view and bid on. At the close of the program, a name will be drawn from those in attendance, and that person will receive a very special door prize.

Doors will open at 6:00 p.m. with the event beginning at 7:00 sharp!

General admission tickets are \$35, and they can be purchased either at www.familyimpactcenters.com, by stopping by the FIC administrative office at 735 N. Grand Avenue (across from Fowlerville High School) or by calling 517-223-4428. Tickets will also be available that night.

Family Impact Centers is providing this unforgettable evening to, first of all, bless and encourage everyone who is able to attend and, second, to raise funds that will assist in their purchase of the Family Impact Wellness Center building. This location just west of town is where the "long-term restoration" part of their mission statement has been in action for the past few years by providing such programs as support groups, Bible studies, health-related seminars, counseling, tutoring for elementary students and parenting classes.

Please mark your calendar, reserve your seats and invite your family and friends to join you for an unforgettable evening.

Fowlerville Varsity Football Team ends season with win over Corunna

The Fowlerville Varsity Football Team ended the season with a 29-12 win over Corunna at the Cavaliers' home field. The win gave the Gladiators a 4-5 record for the 2018 campaign.

Fowlerville scored late in the opening period on quarterback Geoffrey Knagg's 10-yard run. Payton Johnson made it 7-0 with his point-after kick.

Knaggs scored again in the second stanza on a 42-yard TD run. The extra-point kick was blocked, putting the game at 13-0.

The Gladiators next points came in the third quarter on a safety with Knaggs tackling the Corunna ball quarterback in the end zone.

The Cavaliers came back with a drive, hitting paydirt on a 39-yard pass play. With the point-after kick getting blocked, the score was 15-6.

Fowlerville responded with a touchdown that came in the closing seconds of the quarter. Knaggs ran from 25 yards out and Johnson split the uprights, increasing the Glads' lead to 22-6.

The final stanza saw Corunna score on a 35-yard TD pass, followed a few minutes later with the Gladiators getting a touchdown on Kaleb Chappell's 25-yard run. Johnson was good on his extra point try, giving the Glads 29 points.

Fowlerville had 348 yards in total offense, while Corunna had 259 yards. The Gladiators gained 274 of those yards on the ground and 74 yards in the air.

Geoffrey Knaggs carried the ball 29 times for 203 yards, while Hunter Knaggs ran 11 times for 41 yards and Kaleb Chappell gained 30 yards on 3 tries.

Knaggs completed 3 of 12 passes and had one interception. Hunter Cahoon caught one of those throws for 43 yards, while Andrew McFadden had 2 receptions for 31 yards.

On defense, Jacob Friel had 6 solo tackles and 2 assists, G. Knaggs had 7 tackles including one for the safety, Brenden Gildon had 3 solo tackles and 3 assists, Mitchell Stobierski had 4 solo tackles and 1 assist, Nick Reason had 4 solo tackles, and Ashton Philburn had 3 solo tackles and 1 assist. Chappel, meanwhile, intercepted a Corunna pass.

Fowlerville Junior Varsity Football Team defeats Corunna, finishing at 8-1

The Fowlerville JV Football Team defeated Corunna 48-16 at home on Oct. 19 to end the season with a record of 8-1. The Glads controlled the game from the first snap to the last whistle thanks to great offensive line play. Phillip Nogafsky scored his first touchdown of the year on a 20-yard throw from Adam Simon. Gavin Camps came up with a second-half interception to cap the game. Coach Witjes thanks all the boys for all their hard work and effort throughout the whole season. Go Glads!

DOING SOMETHING GREAT!

Sara Dyer - Local Artist

By Dawn Horton

Sara Dyer of Chase Bank in Fowlerville was caught doing something great this month. Using her artistic talent, she drew the pictures for this year's Christmas in the Ville coloring contest. She drew one picture for kindergarten through second grade and the other for third through fifth grade.

She helped put up past winners pictures in the bank windows and I found out by visiting with her that she likes to draw. So I asked if she would draw the outline pictures for the Christmas in the Ville coloring contest for this year.

Sara is the daughter of Mark Dyer of Dearborn and Lesley Dyer of Redford. She attended Lee M. Thurston High School and graduated in 2012. While there, she was active in the band and played clarinet, trumpet and French horn. Sara painted a Lion King chair for a silent auction for her sister's class. It was a fundraiser for the high school band students to go to Carnegie Hall in New York.

When her mom Lesley became ill, Sara painted sports team chairs to help defray the medical expenses. Each one sold for \$100 at Fetzer's on the Beach in Dearborn Heights.

Sara started drawing at age 13. She said, "My grandma was an inspiration to me. She painted, crocheted and knitted." Her mom made ornaments and did ceramics. Her older brothers Jon and Paul are artistic also. While in high school they had their artwork, a portrait by Jon and wood burning on canvas by Paul, featured at the Redford City Hall. Her younger sister Hollie was in band and played

percussion and was also captain of the color guard.

Sara said that she is a self-taught artist but has gained some of her talents from her family background. She commented, "I just enjoy doing it."

After high school, Sara worked as a waitress and then went to work for the Ulta Beauty store in Novi as a shipment manager. Then, in 2016, she started working in Fowlerville at Chase Bank where she is now a Consumer Banker.

Sara enjoys doing freelance painting, mostly to give to friends and family. She noted that she likes to use acrylic paint and canvas and lots of color. "I've done some things for friends like guest boards and matted signs for weddings," she said. She also has made a sign for the 2018 Fowlerville Fair Homemaker of the Year, Kimber Peach to use in parades. And just recently, she designed and built the Chase Bank scarecrow entry.

Sara said, "I really enjoyed doing the pictures for Christmas in the Ville and am excited to see what the kids do with them."

In closing, she commented, "I love Christmas in the Ville and I love Fowlerville." It's a small town, a hometown.

Sara Dyer shows off some of her artwork at Chase Bank in Fowlerville.

Williamston Theatre celebrates the holiday season with Christmas play

Williamston Theatre, located at 122 S. Putnam Street in downtown Williamston, gets into the holiday spirit with the Michigan Premiere of *A Hunting Shack Christmas* by Jessica Lind Peterson. Performances for this hilarious yet heartwarming comedy begin Thursday, November 15 and run through Sunday, December 23. Tickets are now on sale.

As the holidays approach, Charlie heads up to the hunting shack that’s been in his family for generations, hoping for the peace he needs to sort out his life. Instead of the solitude he was looking for, he finds himself buried in snow, unexpected family, beef jerky, a crazy internet romance, and more snow. Can he sort it all out in time for his wedding anniversary?

Performances for *A Hunting Shack Christmas* will run from November 15 through December 23 on Thursday, Friday and Saturday evenings at eight o’clock and Sunday afternoons at two o’clock. Please note that due to Thanksgiving there will not be a performance on November 22 and instead an additional performance will be added on Friday, November 23 at 3:00PM. Starting November 24th there will be 3:00PM performances added to the remaining Saturdays of the run.

The first four performances of *A Hunting Shack Christmas*, November 15-18, are Preview performances where audience members will have the opportunity to take part in the process of creating a show by participating in a talkback session with the director following each performance. The Official Opening Night is Friday, November 23 at 8:00PM and the Conversation Sunday for *A Hunting Shack Christmas* is Sunday, December 16.

Tickets are Pay-What-You-Can for the Preview on Thursday, November 15. Remaining Preview tickets are \$19.00. Starting Friday, November 23 tickets prices are \$28.00 for Thursday evenings, \$33.00 for Friday and Saturday evenings and \$30.00 for Saturday and Sunday matinees as well as the added matinee on November 23rd.

Senior citizens (65 and older) and members of the Military receive a \$2 discount on all tickets. Student tickets (with a valid student ID) are \$10 for all performances. Flex Passes for the 2018-2019 Season are \$176 and provide you with 6 Passes that can be used in any combination for any of the 6 shows in the 2018-2019 Season. Discounts are also available for groups of 10 or more (booked at least 1 week in advance through the Box Office). Tickets can be purchased Tuesday - Friday from 12-6pm by calling (517) 655-SHOW (7469) or by visiting the Box Office and ordered on-line up until 1 1/2 hours prior to the performance by visiting our website www.williamstontheatre.org. Payment is required at the time the reservation is made.

Senior Spotlight: Jacob Grubb

By Julia LaRue

When it comes to high school, nothing goes by faster than the senior year. This is the case for Webberville senior Jacob Grubb. Grubb is the son of Anita and Ron Grubb and a younger brother to Rebecca who graduated in 2011.

“My family is very supportive of me and what I do--especially my dad because he has always supported me in every decision I made,” said Grubb.

Grubb has been attending the Wilson Talent Center during his junior and senior year. He is enrolled in the Automotive Technology Program where he is also involved in the Motor Sports Team.

“I spend most of my free time at the race track or working on my car to get it to run,” said Grubb.

After high school, Grubb plans on either going to Ohio Technical College or University of Northwestern Ohio to pursue his dream of a career in automotive technology.

Grubb has made strong connections with art teacher Mr. Dean Wilson.

“I have had Jacob as a student, on and off, for several years. He has always been hard working, serious, focused and interested in his work,” said Wilson. “If I had any advice for Jacob it would be--believe in yourself.”

Grubb has had many opportunities to make memories and encourages underclassmen to do the same.

“Work hard, have a good work ethic, take every opportunity possible, and most of all have fun in high school because it flies by fast and before you know it it’s over,” said Grubb.

HEARING SCREENING FOR KREEGER 4TH GRADERS: November 26 & 27, 2018

Hearing Screening –Notice Regarding Children with Digitally Programmable Shunts & other Medical Devices that Contain Magnets

All local county health departments throughout the state of Michigan provide hearing screening services under Act No. 368, Public Acts of 1978, Part 93, Hearing and Vision. Michigan schools work collaboratively with the Michigan Department of Community Health (MDCH) and the Local Health Departments (LHD) to allow the Hearing Screening

Program technicians to perform screenings in all public, private, and charter schools as well as formal preschool programs.

Screenings are performed with an audiometer and the audiometer's headphones have magnets with fairly large field gradients. The headphones have been tested in a professional medical laboratory by Codman, a Johnson and Johnson Company. The results of the tests indicate that children with implanted programmable shunts may be at risk for unwanted pressure regulation changes because of the magnet strength.

Hearing screening services will not be provided by our Hearing Screening Program to children with shunts or other medical devices with magnets. In order to best protect the children, it is imperative that the technicians are made aware of which children this may include. If you prefer to have a complete, professional hearing evaluation, contact a local audiologist.

Please call the school if you do not want your child screened. 517.223.6330 or 517.223.6340 and leave a message. We will add this information to your child's health data.

Thank you.

Michigan House Report

By Dr. Hank Vaupel,
 47th District

Kudos to the Livingston County EDC. I have had the honor of serving on this board for a number of years and as a state representative still am a member. I have enjoyed seeing the work of the individuals on the board; with their goal being to keep Livingston County a great place to live, work and play.

With Halloween quickly approaching, many children will be trick-or-treating in just a few days. Halloween is a fun time for kids and their families and we need to ensure our children stay safe this season. For a fun and safe night, make sure to practice and review safety tips with children before they head out for the evening. Safety tips include, wearing comfortable and supportive shoes, checking the weather and bundling up, carrying a cell phone in case of an emergency and walking together in groups.

I would like to announce our Summer Reading Program winners who will have the opportunity to be a Representative for the Day. Each fall, I enjoy recognizing some of the district's elementary age children who have spent some quality time over the summer reading at least 10 books. Thank you to the Fowlerville, Hartland and Howell public libraries for helping and providing a space to display our reading contest materials. This year the winners are: Grace Miller of Fowlerville, James Potter of Howell, and Ellie Rider of Howell.

Thank you to all who attended my October office hours. I hope you'll be able to join me again next month on Friday, Nov. 16 at the following times and locations:

- 2:30 to 3:30 p.m. at Fowlerville Farms, 941 S. Grand Ave. in Fowlerville;
- 4 to 5 p.m. at Bigby Coffee, 11325 W. Highland Road in Hartland; and
- 5:30 to 6:30 p.m. at All Star Coney Island, 934 Michigan Ave. in Howell.

This past weekend was the annual celebrity server event at Olden Days Café in Fowlerville, a fundraiser for Genesis House. Once again, there was outstanding attendance from our community leaders and the public who support this great organization while joining in on some fun. A special thank you to Chuck and the staff at Olden Days for hosting this annual event. Genesis House provides support for individuals in our county who suffer from mental health issues. The organization also provides a clubhouse and office environment to help individuals develop skills to help maintain a safe and healthy lifestyle. Thank you to everyone who participated.

Minds in Action, a homeschool group, made the trip to Lansing to tour our Capitol. I was able to spend some time with the students and took them on the House floor. I always enjoy seeing the enthusiasm and interest by youth who visit our Capitol to learn a bit more about state government and tour the historic building.

I attended the Michigan Works Annual Award program and was honored to present tributes to Work Skills Corporation, founders of the Livingston Road Rally; Laurie Humphrey and Laura Hoehn; and also Ryan Parker and Adrian Horner who received the "Outstanding Job Training Participant Award. The Artisan Corner also received recognition.

If you have any ideas, comments or questions for my office, please do not hesitate to call us at 517-373-8835 or send an email to HankVaupel@house.mi.gov. We are happy to hear from you!

Dear FCS families, The District has been working to install a new door access system throughout the District that will get phased in over the next several months.

Smith Elementary School is nearly to a point where the system will be up and running. I’m sure we will learn much when the system is operational and we all need to remind ourselves that increased security is not always convenient but it is always comforting.

When the systems become operational in a school, this is what you need to know.

15 minutes after the start of the regular school day, all doors will be locked, including the Main Entry.

All visitors will need to push the video doorbell to request entry. After you are greeted, please state your name and why

you are entering the building. You MAY be asked to show a picture ID if the office staff does not recognize you. PLEASE have your photo ID out and ready to show, especially early in the year when everyone is trying to learn who our regular volunteers are. Our intention for checking a photo ID is to help make sure our buildings are as safe as possible. Lastly, when the door unlocks to let you in, PLEASE DO NOT hold the door open for the next visitor. Doing so diminishes the effectiveness of the buzz in system and consequently makes the building less secure. Thank you for your patience and understanding

KEEP THE MOMENTUM >>> VOTE REPUBLICAN 

VOTE TUESDAY, NOVEMBER 6TH

Paid by Committee to Elect Douglas Helzerman, Commissioner #4
PO Box 701 • Fowlerville, MI 48836

Two Congressional candidates outline goals & priorities

Two candidates are vying for the Michigan 8th Congressional seat in the U.S. House of Representatives.

Mike Bishop, the Republican incumbent, is seeking his third two-year term in that office. He is being challenged by the Democratic Party nominee, Elissa Slotkin.

Polls have indicated that the race is tight, with political observers calling it “a toss up.” The district includes Livingston and Ingham Counties, along with the northern half of Oakland County. Both Slotkin and Bishop are Oakland County residents.

The candidates were invited to submit statements telling voters why they are running for office, and what they hope to accomplish—what their goals and priorities will be if they are elected or re-elected. The candidates were also invited to submit some biographical information, including any experience or qualifications they would bring to the office.

Below are their submissions:

Mike Bishop

**8th District U.S. House of Representatives
Republican Candidate**

I have served as the U.S. Representative for Michigan’s 8th Congressional District since 2015 and am seeking another term in the House. I was a member of the Michigan House of Representatives from 1999 to 2002 and then the Michigan State Senate from 2003 to 2010 where I served as the Majority Leader.

I am a lifetime resident of the City of Rochester, where I live with my wife Cristina and three children.

Why are you running for office?

I am very proud to have worked in this most recent term to help author and pass the *Tax Cuts and Jobs Act* which lowered taxes for every Michigan family and job creator. As a result, families have more money to meet their needs and small businesses have more resources to grow, hire more workers, and raise workers’ pay. I want to continue to keep taxes low, and reduce government over-regulation which has led to great growth in Michigan manufacturing and new job creation here at home.

I also am proud to have stood on the front lines protecting our Great Lakes including fighting for full funding of the Great Lakes Restoration Initiative, and working for legislation to replace Line 5 under the Straits of Mackinac to eliminate a threat to this precious natural resource.

Most importantly, I have a call to serve my friends and neighbors and believe I have served them well. I want to continue to serve the community I love and has been my home my entire life.

What do you hope to accomplish if elected? What would your goals and priorities be?

My top three priorities are jobs and the economy, protecting America’s seniors, and protecting the Great Lakes and our environment. As I mentioned earlier, I was deeply involved in crafting the most significant reform to our tax code in a generation, the *Tax Cuts and Jobs Act*. The results have been incredible: unemployment is at its lowest rate in decades, wages are going up, and employers are hiring.

I look forward to building on this success and continuing my work to improve and simplify the federal tax code. I’ve also been working hard to protect the benefits that millions of our seniors rely on like Social Security and Medicare. I worked hard to advance legislation to address the rising cost of prescription drugs and a bill that I authored to improve Social Security’s customer service. As a member of the House Ways and Means Committee, I’m committed to continuing my efforts to preserve and strengthen Social Security and Medicare for all generations. Lastly, as a lifelong Michigan resident, I am committed to protecting our environment and Great Lakes for future generations. I will continue to fight to ensure full funding for the Great Lakes Restoration Initiative and to fully protect our lakes by replacing Line 5.

What do you feel you’ve accomplished during your

tenure in office? What would your goals and priorities be if re-elected?

In addition to tax reform and the resulting economic growth, as well as the initiatives I’ve listed above, I have been working to advance a number of other priorities. In fact, in this last term alone I’ve had three of my bills signed into law, and five other bills that I authored passed in the House. One of the most significant bills that I authored is known as the *STOP Act*, which is targeted legislation focused on stopping the flow of dangerous synthetic opioids from overseas through the international mail system. I authored this legislation in response to the opioid crisis which is killing approximately 115 Americans each and every day.

My bill closes a loophole that international drug traffickers have been exploiting by ensuring that U.S. Customs and Border Protection gets targeting data on all inbound packages coming through the U.S. Postal Service. I am pleased to report that my bill has passed the House and Senate and I expect it will be signed into law shortly! I also co-authored and worked on a bipartisan basis to advance the *Child Protection Improvement Act* which was signed into law earlier this year. This bill ensures youth-serving organizations in every state can access FBI background checks for prospective staff and volunteers. This is a vital step that will protect our children from predators. Lastly, I was pleased to lead the charge by authoring the bill that reauthorized the Federal Perkins Student Loan program. My bill which was signed into law ensured that those in severe financial need have the certainty needed to help achieve their higher education goals.

Elissa Slotkin

**8th District U.S. House of Representatives
Democratic Candidate**

I’m Elissa Slotkin, and I am running for Congress because I believe the only way to really change Congress, is to change who we send to serve there.

I’m a third-generation Michigander, and I grew up in Oakland County. I spent my early life on my family farm in Holly, where I live today. My entire professional experience has been in national service, largely because I happened to be in New York City on my second day of graduate school, when the 9/11 attacks took place. When the smoke cleared that horrible day, I knew I would spend my life working to protect our country in national service.

Within a year, I was recruited by the CIA to serve as a Middle East analyst, which included a total of three tours in Iraq over the span of five years, serving alongside America’s soldiers and diplomats, doing my part to help in a very complicated war. On my third tour, I met my husband, Dave, an Army Apache pilot who retired as a Colonel after 30 years of service.

My tours in a combat zone led to various defense and intelligence roles at the White House and the Office of the Director of National Intelligence. I worked at the White House for President Bush as a member of his national security staff and was asked to stay on when President Obama took office. I took on a series of leadership roles at the Defense Department, and until January 2017, I oversaw policy at the Pentagon on Russia, Europe, the Middle East and Africa as Acting Assistant Secretary of Defense.

In my fourteen years in national security service, no one ever asked me if I was a Democrat or a Republican. Because it didn’t matter -- we were focused on the mission of protecting U.S. troops and the U.S. homeland.

And it’s that mission-focus that I think the U.S. Congress has lost. The mission now, I believe, is bringing down the cost of healthcare and prescription drugs, fixing our broken roads and water infrastructure, and curbing the corrosive influence of money in politics.

Healthcare is a personal issue for me. In 2009, my mom was diagnosed with Stage IV ovarian cancer-- and she was uninsured. She had struggled to maintain healthcare coverage ever since surviving breast cancer as a young woman. Cancer was her “pre-existing condition” and she couldn’t afford coverage for years. I came home to care for her in her

final months of her life, which profoundly shaped my views on our healthcare system. It is the threat to our healthcare and the rising cost of care that ultimately motivated me to run for office. I believe that two key things that Congress could do to make healthcare more affordable and more accessible is to allow for an early buy-in to Medicare, and to allow Medicare to buy drugs in bulk -- this will help bring down costs for everyone.

Michigan’s infrastructure is at near crisis levels and is in serious need of a generational investment to bring federal dollars to our state to fix both our roads and water infrastructure. We all know the challenges, and we have the skilled workforce in our state ready to rebuild the roads, bridges, pipelines, and other critical infrastructure that our economy depends on. Investing in our infrastructure will attract investment to our state — improving our economic competitiveness — and improve the safety and security of Michiganders. The time for tackling this issue is now.

Finally, I believe our campaign finance system is broken and largely responsible for the polarization and dysfunction in our politics today. In order to make progress on healthcare, infrastructure, and other critical issues, we must address the corrosive influence of money in politics and increase government accountability. If elected, I will fight for policies that would increase transparency and end unlimited spending in our politics, to ensure that the voices of our citizens are heard.

I made the decision not to take corporate PAC money to my campaign, as I wanted to make it crystal clear who I was fighting for, and in July I released a government accountability and campaign finance reform platform. I’ve also called for the first bill of the new Congress to be on campaign finance reform. Because no matter what you’re working on, no matter what you care about, if our politicians are bought and sold then they’re not going to be advocating for the issues we care about.

As we approach Election Day, I hope to earn your support. I was called to serve our country and I am committed to serving Michigan--and serving you.

Livingston County Comments

By: Doug Helzerman,
District 4
Commissioner

We live in times of quick change. We also live in a time when fact and opinion are often confused and perception of a “narrative” shape public opinion. The goal today is: who can tell his story (with its elements of untruth) most convincingly? When looking for the actual text of the laws and constitutional amendments we will enact, it is easy to find summaries. I will give you the website addresses where you can read the actual full text of these proposals for yourself.

All three of these have a “one-sided” approach to the issue. Any future changes to these would need a super-majority of both houses, which is almost impossible. Because of these two reasons, my first natural decision would be to vote “NO” on all three ballot proposals unless there is overwhelming need for the change.

The address for the full text of Proposal 1 https://www.michigan.gov/documents/sos/Full_Text_-_CRMLA_635255_7.pdf

This is completely new legislation so there are no specific changes listed to existing law. The understanding is that this law takes precedence over any existing law contrary to this language. I have already given an overview of that proposal in a previous article.

The address for the full text of Proposal 2 https://www.michigan.gov/documents/sos/Full_Text_-_VNP_635257_7.pdf

Proposals 2 and 3 are amendments to the constitution.

When you read these documents, the print in regular font is the original text that is not changed. Text that has the strike through (this text is the present law) is what is being changed and eliminated. The text that is in all caps (THIS IS THE NEW TEXT TO BE ADDED) are the changes that you will be voting on.

The text of this ballot proposal is gerrymandering at its worst. These “communities of interest” (which are not defined) insures a new “non-partisan” gerrymandering. This bill is falsely claiming to eliminate gerrymandering. Read this section of the amendment and judge for yourself.

13. C. DISTRICTS SHALL REFLECT THE STATE’S DIVERSE POPULATION AND COMMUNITIES OF INTEREST. COMMUNITIES OF INTEREST MAY INCLUDE, BUT SHALL NOT BE LIMITED TO, POPULATIONS THAT SHARE CULTURAL OR HISTORICAL CHARACTERISTICS OR ECONOMIC INTEREST. COMMUNITIES OF INTEREST DO NOT INCLUDE RELATIONSHIPS WITH POLITICAL PARTIES, INCUMBENTS, OR POLITICAL CANDIDATES.

To me this is legalized gerrymandering. Who will decide how much advantage these “communities of interest” will receive under this undefined section?

13. D. DISTRICTS SHALL NOT PROVIDE A DISPROPORTIONATE ADVANTAGE TO ANY POLITICAL PARTY. A DISPROPORTIONATE ADVANTAGE TO A POLITICAL PARTY SHALL BE DETERMINED USING ACCEPTED MEASURES OF PARTISAN FAIRNESS.

A majority of districts by this “fairness” doctrine could be drawn with the advantage to one point of view. Can a district in Detroit be drawn to not advantage one side or can a district be drawn in Livingston to not advantage the other side?

Changes in Section 1 limit the full authority of the legislature as the sole legislative body in Michigan.

Changes in Section 2 and 3 eliminate the counties as the first consideration in drawing the district lines. Livingston now has 3 voices in Lansing. The new boundaries would most likely divide Livingston to be part of an Ingham County district on the west, part of a Genesee County district on the north, part of an Oakland county district on the east and part of a Washtenaw district on the South. Livingston would be lucky to have one dedicated representative.

These sections will also make both the senate and the house based on population only. The cities and their concerns will dominate both houses in Lansing and the rural and upper peninsula points of view will likely be lost forever. This is not a good prospect for the unity of the state. Presently the senate has a little different criteria for districting so that you have the possibility of at least two different points of view between the two chambers.

Section 6 gives this unelected commission the place of a “permanent legislative committee in the legislative branch.” This is also undefined in the proposal. What powers will this committee have? Their work

cannot be questioned or changed in the smallest way by your elected legislators or Governor and only in a limited way by the courts

Section 6.2 puts the Secretary of State in charge of the whole process of choosing the members. This power could at sometime in the future be misused.

The address for the full text of proposal 3 https://www.michigan.gov/documents/sos/Full_Text_-_PTV_635256_7.pdf

I fully support the right for everyone to vote...once. Voter fraud like double voting or voting by non-citizens should be verifiably prohibited. This has the most merit of all three but registering by mail (without a personal appearance) seems problematic. Same day registration and voting up to and including the day of an election also seems to open the door for undetectable fraud. Provisional ballots now take care of this problem of people wanting to vote when they for some reason are not on the voter registration list. These ballots must have the proper authentication before they are actually counted.

We as citizens have been given this right to legislate directly. If you expect your representative to read and be informed before they vote, you should expect the same of yourself. Read them through before you vote. A good representative thinks not only of himself, but also of the long-term effects of his/her vote on the whole community.

NOTICE OF ADOPTION OF AMENDMENT TO ZONING ORDINANCE

PLEASE BE NOTIFIED THAT THE HANDY TOWNSHIP BOARD ON OCTOBER 15, 2018, AT THE HANDY TOWNSHIP HALL AT 135 N. GRAND AVENUE, FOWLerville, MI 48836, HAS ADOPTED AMENDMENTS TO THE ZONING ORDINANCE AS FOLLOWS:

'The Right to Vote'...A Higher Allegiance

Veterans Day is approaching and once again Americans will take this opportunity to thank the many thousands of men and women who served in the military. And rightly so.

Along with "thanking them for their service," we'll be reminded that "freedom isn't free." That sacrifices have been made by our fellow citizens—past and present. Sacrifices of their time, but also, in too many cases, of their physical and mental health.

Not every person who put on a uniform was placed in harm's way during their tour of duty, but everyone who did so faced that possibility. There were no guarantees. And each, regardless of their assigned duties, was part of a larger purpose.

We'll also be reminded that these veterans, with their service, helped protect our freedoms.

One of those freedoms is the right to vote; that act by which an individual helps select representatives for the various levels of governments (local, state and federal) and helps decide on various proposals, including special taxes and constitutional amendments.

It ought to be a right that can be exercised without undue restrictions, litmus tests, or the need to navigate an obstacle course. Just as we don't (or certainly shouldn't) qualify our thanks to a veteran for his or her service, neither should we qualify the degree in which a citizen is entitled to exercise this right.

But that doesn't seem to be a view shared by everyone, particularly not by some of those who control the levers of governmental power and want to pick and choose who gets to vote—or discourage them from doing so—with the goal of maintaining partisan advantage.

To an extent, I understand their motivation, given that politics is a rough-and-tumble affair, oftentimes waged bare knuckles style, and that a winner-take-all outcome is at stake as to who controls those levers and, thus, determines public policy and future direction.

That said, there needs to be a higher allegiance. The right-to-vote should not be tampered with or withheld in a cavalier manner. It's too fundamental to our democracy.

A 'free' people means precisely that. It means each of us is free and, thus, share the same rights. It means that when it comes to voting, each of our voices matter and each of us deserves equal and reasonable access.

The efforts to place certain qualifications and restrictions on voting have, of late, been done in the name of preventing voter fraud—a bloody flag that gets waved to draw attention away from what's happening.

I certainly don't want a return to the days of ballot stuffing, or of dead folks in the cemetery mysteriously arising from the grave to impact an election, or the wholesale buying of votes with free drinks at the saloon. Or, nowadays, would I wish to learn that an outcome was changed via computer hacks.

But curtailing or even taking away people's right to vote as a means of preventing voter's fraud is throwing the baby out with the bathwater.

The greater fraud is using the law to create those undue restrictions, litmus tests and obstacle course.

One of the points of dispute has been the requirement of a photo ID when showing up at the polls. While I don't have a problem with that stipulation, the questions arise as to what kind of ID (besides a drivers license) passes muster, where can it be obtained, and at what cost? Is the location conveniently nearby or halfway across the state? Is it easily obtained or do you need a brief-case full of supporting documents?

Purging voter registration rolls, making people wait for a couple of hours at the polls due to a lack of voting machines, restricting early voting, or limiting the use of absentee ballots are other means by which the law is used for the purpose of discouraging or denying participation.

I grew up during the early 1960s when the Civil Rights Movement in the South was focused on black Americans being able to exercise this fundamental right—freely and without threat of violence. I, like many others of that era, witnessed both blacks and their white supporters being beaten, attacked by fire hoses and police dogs, and jailed as they demonstrated for this cause.

And we saw or read news accounts of several of them being murdered, including Viola Liuzzo, the Detroit housewife

who went to Selma, Alabama in 1965 to lend her support and was shot.

If we're going to wave a bloody flag on voter fraud, then we'd do well to remember those sacrifices and how the power of government and the law was once-upon-a-time, and not so long ago, used to deny this right to a wide swath of Americans.

In the upcoming General Election, set for Nov. 6th, those who vote will not only face a long list of candidates, but a few proposals. Among them is Proposal 3.

The ballot language reads:

A proposal to authorize automatic and Election Day voter registration, no-reason absentee voting, and straight ticket voting; and add current legal requirements for military and overseas voting and postelection audits to the Michigan Constitution.

This proposed constitutional amendment would allow a United States citizen who is qualified to vote in Michigan to:

- *Become automatically registered to vote when applying for, updating or renewing a driver's license or state-issued personal identification card, unless the person declines.*

- *Simultaneously register to vote with proof of residency and obtain a ballot during the 2-week period prior to an election, up to and including Election Day.*

- *Obtain an absent voter ballot without providing a reason.*

- *Cast a straight-ticket vote for all candidates of a particular political party when voting in a partisan general election.*

Should this proposal be adopted?

[] YES

[] NO

I'm well aware that partisan differences framework this proposal, that ulterior motives may be at play with both proponents and opponents, and partisan advantage or disadvantage will influence how many people decide to mark their ballot.

I'll grant that people, quite apart from partisanship, can have honest differences of opinion over the merits and specifics of what's being proposed with this admendment.

As for me, I plan to mark the 'yes' option because, in my view, the goal should always be to encourage and assist widespread voter participation. That's my higher allegiance.

First of all I don't need someone in authority, as far as straight-ticket voting goes, to tell me to eat my spinach. If I want to vote all Republican or all Democrat or all Libertarian or whatever, then that's my choice. It should be convenient rather than a chore. And, as a citizen, this convenience should not be denied me by a law that's actual purpose is to gain political advantage.

I also don't believe absentee voting should only be an option for old folks (of which I'm now one) or those meeting certain criteria. It should be an option for all registered voters. In fact, I think you can probably do a more informed job of voting and be less likely to make a mistake with an absentee ballot.

I don't plan to use one, though, because I enjoy the act of going to the polls, chatting with the election workers, and seeing the others doing the same. It boosts my civic pride. But if I wanted to vote at home, I shouldn't be denied that choice.

As for registering to vote, as long as a person is qualified by age, residency, and citizenship, what difference does it

make when they do it? Modern technology allows for quick verification.

I hear the worries (or more accurately, the justifications) that if this is allowed, then someone might vote who isn't supposed to. Again, the bloody flag.

But my greater concern is when people want to vote, make an effort to do so, and are met with assorted roadblocks and detours. We need to applaud civic involvement, not discourage and thwart it.

3. For purposes of this article, a non-conforming sign may be diminished in size or dimension or the copy of the sign amended or changed without jeopardizing the privilege of non-conforming use. If a sign is nonconforming in its setback, this section shall not apply, and the sign may not be replaced.

Height	No higher than six (6) feet

I. Billboards and/or Off-premise Signs.

In addition to being permitted as an accessory use only in the I-1 and I-2 District and adjacent to I-96, billboards and/or off premise signs shall be subject to the following additional conditions:

1. Where two (2) or more billboards and/or off premise signs are located along the frontage of a road or highway, they shall not be less than one thousand two hundred and fifty (1,250) feet apart. A double face (“back to back”) or a V-type structure shall be considered a single sign provided the interior angle of such signs does not exceed twenty (20) degrees.
2. The total surface area facing in one direction, of any billboard and/or off-premise sign shall not exceed six hundred and seventy-two (672) square feet.
3. Billboards and/or off-premise advertising signs shall not exceed twenty-five (25) feet in height from ground level. The permitted height may be increased to forty (40) feet by the Planning Commission, if it can be shown that excessive grades, building interference, bridge obstruction, and/or other types of man-made obstructions significantly obstruct the views of the sign.
4. Billboards and/or off premise signs shall not be erected on the roof of any building nor have one sign above another.
5. A billboard shall be self-supported and pole-mounted.
6. The Township Board may charge a fee to the applicant and/or owner of the billboard and/or off-premise sign as established by the Township Board in its schedule of fees to reimburse the Township for any expenses incurred by the Township in verifying that the sign as constructed complies with the provisions hereof and the land use permit, which fee must be paid in full prior to the Township issuing a certificate of Zoning Ordinance Compliance. This fee shall be in addition to the normal and customary application and review fees charged by the Township for land use permits, site plan review, etc.

This amendment was adopted by the Handy Township Board on October 15, 2018, and shall have an effective date of seven days after publication.

The Handy Township Zoning Ordinance, as amended, and this amendment can be purchased, examined, or inspected at the Handy Township Hall, 135 N. Grand River Avenue, Fowlerville, MI 48836, between the hours of 9 a.m. to 5 p.m. on Monday, Wednesday, and Thursday.
